

JOHN W. McCORMACK
12th Dist. , Massachusetts

CONGRESS OF THE UNITED STATES
House of Representatives
Office of the Majority Leader
Washington, D. C.

Dear George:

I cannot find words to convey to you how grieved I am in the death of our dear friend, Victor Emanuel. He was one of God's Noblemen, and no greater American ever lived. He was a source of strength on the side of right and decency in this troubled world of to-day. He knew as few men did the evil mind and purposes of the Communists.

I shall miss him very much.

I suggested to you to prepare a draft of remarks I will make about Victor in the House next January. We will go over them later. I want the life of this good and great man to be carried always in the Congressional Record.

Harriet and I enjoyed so much the chat we had with you and Mrs. Feldman. We send to you both our kindest regards.

Sincerely,

John
